

## Digital Networks Group Introduces Award Winning Clevertouch Interactive Displays *Partnership for California and Washington Distribution*

**Lake Forest, C.A. (May 1, 2018)** – [Digital Networks Group](#) (DNG), an audio-visual and information technology systems integrator, announces a partnership with Clevertouch, a multi award-winning provider of interactive touchscreen solutions. Clevertouch is the leading touchscreen manufacturer in the United Kingdom and growing rapidly across the globe through distribution partnerships.

“Clevertouch has combined superior connectivity, innovative software and a simple user interface allowing complete collaboration in the classroom and corporate meeting space,” said Bart Moran, vice president of Digital Networks Group. “We are excited to integrate Clevertouch products into our extensive range of industry-leading audio-visual offerings and services for our education, government, and corporate customers.” DNG will be offering a Clevertouch [Try and Buy program](#) and other promotional events such as regional and individualized technology demonstrations. Their next event, [Sips, Bites & Insights: Collaborative Learning and Campus Security Technology](#) will take place May 16<sup>th</sup> at the U.S. Grant Hotel in San Diego.

Products DNG will offer include the Clevertouch Plus Series and Pro Series, premium interactive touchscreens developed specifically for education and business settings, respectively. Clevertouch is the only touchscreen manufacturer to win all three of the top industry recognized accolades, including *Product of the Year for Collaboration* at the 2018 InAVation Awards, *Presentation Innovation of the Year* at the 2018 AV News Awards, and AV Awards’ *Manufacturer of the Year* in 2015 and the *Interactive Display Product of the Year* for three years running.

Clevertouch Vice President Paul Hickey comments, “Clevertouch leads the way for innovation with a commitment and passion to deliver collaborative technology that will fit seamlessly into any school or meeting room. We see our partnership with DNG as a natural fit, both Clevertouch and DNG have a strong belief in delivering the right tech solutions for the environment they serve.”

Both Pro Series and Plus Series interactive panels are all fully designed in consultation with end users to deliver an all in one collaborative solution with no hidden subscription fees or ongoing costs. Clevertouch’s interactive panels feature a unique instant and timed messaging service (Clever Message), remote management, over-the-air updates, and an open platform to connect any device to the screen. With the ability to work independently off the network, Clevertouch is the preferred choice for not only end users but the IT departments.

**About Clevertouch**

Clevertouch is a rapidly expanding global player within collaborative technology and now operating within 74 countries. Clevertouch products continue to be driven by customer feedback and designed to the highest standards by an award-winning manufacturer. All Clevertouch panels work on an open platform and will connect with any device. Not having to sit on the network, Clevertouch can be adapted to suit any space.

All Clevertouch interactive touchscreens are dual slot for PC or android with a custom designed user interface, which enables users to present and interact with information as instinctively as the devices in their pocket.
